**Re: Final Demand**

Gentlemen,

This letter is the final demand and formal notice that your continued refusal to respond to prior demands compels us to escalate this matter in every available forum: civil, regulatory, and criminal.

Your silence and inaction can no longer be viewed as inadvertent or defensible. Rather, they constitute willful evasion, obstruction, and likely fraud. Your obligations are in default. As of October 1, 2025, you owe \$2,403,385, consisting of \$1,230,000 principal, \$369,000 accrued interest, and approximately \$804,385 in default interest, accruing further at \$1,179.45 per day.

You are hereby placed on notice of the following:

## **I. Corporate & Personal Liability — No More Shielding**

### **1. Joint and Several Liability; Veil Piercing / Personal Exposure**

We will move to pierce the corporate veil, hold all corporate formalities disregarded, and seek recovery against your personal assets, guarantees, and other controlled entities.

### **2. Corporate Dissolution / Receivership / Liquidation**

Without further notice, we will seek judicial dissolution, appointment of a receiver, and forced liquidation of all corporate assets, including pledged equity interests in Meade Transportation, Inc. and Virginia Freight Holdings, LLC.

### **3. Attachment / Garnishment / Foreclosure**

We will seek pre-judgment attachment and garnishment of bank accounts, receivables, contracts, and property held in your individual or corporate name; pursue foreclosure of pledged collateral; and seek UCC and judicial liens on all assets.

## **II. Investigation, Subpoenas & Discovery**

### **1. We have already conducted our due diligence, including:**

- Verifying that Edwin Mason is listed on Stratagem's website as Chairman / Founding Partner.
- Confirming that Johnathan O'Brien is likewise described as Vice Chairman & CEO / Founding Partner.
- Reviewing Stratagem's public "About / Team" page (listing Mason, O'Brien, and CFO Ben Posner).
- Noting that Stratagem has filed litigation in the U.S. District Court for the Western District of Virginia in Stratagem Global Corporation et al. v. Meade et al., under 15 U.S.C. § 78m(a), confirming their engagement in securities or investment-related activities.

### **2. Compulsory Actions for Reenforcement**

Accordingly, we will serve subpoenas and compulsory process (federal Rule 45 and state/county subpoenas) upon Stratagem, its officers, shareholders, transfer agents, banks, accountants, consultants, and other third parties, demanding:

- Full stock / membership / share ledgers, capital tables, option/warrant schedules, subscription agreements, transfer records.
- All pledge / security / collateral assignments and UCC schedules.
- Operating agreements, bylaws, amendments, minute books, and board resolutions.
- Bank account opening / KYC / signature cards, statements, wire / ACH logs.
- Financial statements, general ledgers, audit work papers, internal valuations.
- Communications, presentations, marketing or investor materials concerning collateral, equity, or fundraising.
- All documents reflecting transfers, concealment, or dissipation of assets.

We will seek immediate motions to enforce, compel deposition, and impose sanctions for noncompliance or document destruction.

### **III. SEC / State Securities / Regulatory Referral**

Because Stratagem presents itself as an investment / growth / infrastructure / logistics / energy investment group (per its website), and because your obligations are tied to pledged equity interests and financing, we will refer this matter to:

1. The U.S. Securities and Exchange Commission (Division of Enforcement), for possible violations of Section 10(b), Rule 10b-5, and other securities statutes;
2. State securities regulators (in jurisdictions where you operate); and
3. State attorneys general and consumer protection agencies if misrepresentations or deceptive practices are found.

We will include this correspondence, demand letters, agreement documents, and subpoena responses in the referral.

### **IV. Criminal Referrals & Allegations**

Be advised that your conduct may also be the subject of criminal investigation. Among other potential violations:

1. Wire Fraud / Mail Fraud (18 U.S.C. §§ 1341, 1343) — if you used interstate mail, email, or wire transfers to misrepresent or conceal obligations, collateral, or equity;
2. Bank Fraud (18 U.S.C. § 1344) — if banking relationships were used to mask transfers;
3. Securities Fraud or False Filings under federal securities laws;
4. Concealment, Misapplication, or Fraudulent Transfer of Collateral under Va. Code § 18.2-185 or analogous D.C. statutes;
5. Obtaining Money by False Pretenses or Embezzlement under applicable state law (Virginia, D.C.).

We will prepare and file sworn complaints and affidavits with:

1. The FBI / U.S. Attorney's Office (White Collar Division);
2. The SEC Criminal Enforcement unit;
3. The Commonwealth's Attorney, City/County of Roanoke (or appropriate VA locality);  
and
4. The District of Columbia Office of the Attorney General, Public Integrity Division.

Once filed, we will request asset freezes, restraining orders, forfeiture of proceeds, and law enforcement cooperation with civil discovery.

## **V. Evasive Conduct and Interference with Certified Delivery**

It has further come to our attention that Stratagem and its principals appear to be employing evasive techniques to avoid acknowledgment of certified mail and other lawful communications. Our initial demand package, sent on October 6, 2025, experienced unexplained delivery interruptions and delayed tracking updates inconsistent with standard postal processing. These irregularities raise serious concerns of deliberate avoidance or interference with official correspondence—a pattern that further reinforces our conclusion of willful evasion and bad faith.

## **VI. Demand for Payment / Cure – Final Opportunity**

In light of the foregoing, you have no further excuse or safe haven. This is your final and non-negotiable opportunity to avoid full-blown enforcement, liquidation, regulatory, and criminal exposure.

As of October 17, 2025, the total outstanding amount owed under the Secured Promissory Note and related agreements is \$2,427,917.64.

You must, within three (3) business days of receipt:

- Contact our office with a detailed, binding payment proposal that cures all amounts in full (i.e., \$2,427,917.64 plus accrued interest, legal fees, and costs) and provides adequate security;
- Provide irrevocable written acknowledgment that you waive any defenses related to statute of limitations, laches, or delays;
- Authorize us to inspect, audit, and confirm collateral holdings;
- Cease any further transfers, concealments, or destruction of documents or assets; and
- Notify any third party holding your assets or documents (banks, custodians, accountants) that they are preserved for legal process.

If you fail to satisfy these within the three-day window, we will proceed immediately and simultaneously with:

- Civil enforcement: judgment, attachment, receivership, dissolution, veil piercing;
- Investigative subpoenas, motions to compel, and sanctions;
- SEC and state regulatory referrals; and
- Criminal complaints and law enforcement referrals.

We will also seek recovery of all attorneys' fees, costs, investigation expenses, and pre- and post-judgment interest on the \$2,427,917.64 balance.

## **VII. Reservation of Rights & No Waiver**

All rights and remedies (at law, in equity, and under statute) are hereby expressly reserved. No failure or delay in exercising any right or remedy will operate as a waiver. You have been sufficiently warned.

Sincerely,

Yael Katz, Esq., Attorney for Faraaz Ali
